Leon Paice
PO BOX 408
Beaver UT 84713

Dear Mr. Paice:

This letter is in regards to a previous letter sent October 6, 1998 from this division indicating, based upon aerial photography of the Milford Valley, that you were over irrigating by 6.5 acres. Kurt Vest of our Cedar City office, asked upon your request, to take a closer look at the irrigated acreage to make sure that the roads and dry perimeter of the fields be taken into consideration because these areas are not irrigated.

Upon close inspection and recalculation of the irrigated area minus the roads and dry perimeter, the acreage is within your legal irrigation rights. Therefore please disregard the previous letter and accept my apology for this error. Our records have been corrected to show that for the 1998 irrigation season you are within the 73.50 acres legal limits of your irrigation water rights.

If you have questions or comments regarding the above, feel free to contact me at (801) 538-7431.

Sincerely,

John S. Larsen
Water Rights Specialist III
